

MEGLADON[®]

MANUFACTURING GROUP, LTD

A TyRex Technology Family Company

Multiport Service Terminal (MST) Enclosure

The Megladon Difference

Megladon's **Multiport Service Terminal (MST)** incorporates hardened connector technology that is designed to withstand the rugged outside plant (OSP) environment while providing technician-friendly access to patching new drop cables during FTTx deployments. MST's are available in both 4 and 8 port configuration, and can have Optitap[®] or Senko IP rated connector ports.

For more information on Megladon's HLC process and products, please visit megladonmfg.com.
